SEWING MACHINES The Back Machines operate upon an entirely new princi-ple, using no shu the, 'utons need's and two threads. -They have been in operation in the hands of families and They have been in speration in the hands of families and manufacturers sufficiently long to give them a thoroughtrial and have given entire satisfaction.

They are very simple in construction, undihighly ernamental as well as useful, fitted to adorn a lady's parley, or occupy a less conspicuous position in the shop of the action.

It has been our object to furnish a Machine that would be applied by the first as well as to the wars of Tailors.

Dress and Cloak Makers, Shirt and Collar Manufacturers, &c. We are outdent that our Machines in the present form are the best ever offered to the public.

Thousands of families can testify to their merits on all kinds of family sewing, while Shirt fad Cellar Manufacturers (sely acknowledge their superiority ever all others for their work.
